AEOLIAN YACHT CLUB

TREASURER'S REPORT – Dona Fuller

Where Are We Now?

“Steady as she goes” would be the best way to describe Aeolian Yacht Club’s financial health. In June & July we spent \$6,515.00 on “A Dock” - hopefully you have noticed by now the latest float that was launched.

The “A Dock” Fund receives additional contributions, as discussed in the last JIB, so the balance on July 31st was \$51,230 which should allow our **Dredging, Piling & Dock Maintenance Committee** to continue on schedule with their re-building of “A Dock”.

We also have \$155,000 in the Dredging Fund available for the final dredging phase.

Our Building & General Harbor Funds are lower than desirable, however. Once we update our roofing/painting/paving bids, the Board will have a better idea of our true situation. This is primarily due to the high berth vacancy.

We currently have **18 Berths available** (granted not all are truly ready, and won’t be until “A Dock” is ready to accept new yachts) and **quite a few lockers** also.

Our Membership Drive has helped a great deal to bring in steady new income. So, although it did not increase the Initiation/Clubhouse Account, the drive can be considered a great success.

There is only the month of August left, so if you know of anyone, be sure to get them to join before the Fee goes back to \$500.
